Permanent Housing Options

Many international students find it difficult to secure off-campus housing from overseas because oftentimes they would like to see what is available, what is cost effective, etc. It is our hope that by asking all new international students to come in early August, you will have more time to explore your housing options before classes begin.

During orientation, a few apartment complexes will attend the Campus & Community Resources Fair to provide you more information about off-campus housing options. Many graduate students live off campus or within University Village, managed by University Housing, if space available.

For more information about University Village Housing, please visit housing.uga.edu or email housing@uga.edu.

For off campus housing, you can expect to pay anywhere from \$400 - \$1,000 or more per month, depending on the location, amenities, and size of the apartment. When searching for off campus housing options, the rent cost for the apartment will likely not include utilities. Required utilities would include water/sewer service, electricity, water, and possibly gas, depending on your unit. Optional utilities would include cable television or internet. Make sure when you are searching for off campus housing options, you ask what if any utilities are included in the monthly rent payment. Most apartment complexes lease units for a period of 12 months, and leases are legally binding documents.

You may wish to research apartments online before you arrive; the following sources may be helpful.

- Apartment Finder - www.apartmentfinder.com/Georgia/Athens-Apartments
- Flagpole Magazine, classifieds section - flagpole.com
- Red and Black Student Newspaper, classified section - redandblack.com
- Apartment List - www.apartmentlist.com/ga/athens#map

At times, private landlords or property owners may reach out to ISL with vacancies in different apartments or homes in Athens. Feel free to email us at isl@uga.edu to see if we have any information to pass along.

Your rent payment will be significantly less if you choose to live with a roommate. Please visit our website [here](#) to learn more about selecting and successfully living with a roommate.

[CLICK HERE TO VIEW THE ISL OFF-CAMPUS LIVING GUIDE](#)

ISL has published an off-campus living guide for students who will be searching for accommodation off-campus. This guide includes a map of common places many students choose to live, price points, how to inspect a property, the elements of a lease in the United States, how to set up apartment utilities, how and where to purchase furniture, and much more. This guide is updated as we receive more information from off-campus housing providers.

Please note that this guide is not all-inclusive and prices/rates may have changed since the most recent update. This is not meant to be an all-inclusive guide but will be a great starting point in your off-campus housing search.

Getting to Athens

When you fly to the United States, the closest airport to Athens is Atlanta Hartsfield-Jackson International Airport (ATL). Once you arrive in Atlanta, you have several options to consider for getting to Athens.

Groome Shuttle	MegaBus	Private Car/ Uber/ Lyft
<p>Many students choose to use the Groome Transportation Shuttle service to get from Atlanta to Athens. A one-way ride costs \$44 (subject to change) and depart for Athens multiple times per day.</p> <p>To purchase a Groome Shuttle ticket, please visit their website: http://athens.groometransportation.com</p> <p>For students who plan on going directly to orientation after their shuttle ride, you should indicate your drop-off point as the 'Holiday Inn Express.</p>	<p>The MegaBus service offers affordable bus rides from Atlanta. MegaBus has strict restrictions on the amount of luggage that passengers can carry. More information can be found here: http://us.megabus.com/luggage-allowance.aspx</p> <p>For departure locations, times, and costs, please visit http://us.megabus.com.</p>	<p>This option is generally not used by students and ISL does not recommend it due to cost.</p> <p>To take a private car service, taxi, Uber, or Lyft to Athens, it could easily cost over \$100.</p>

Transportation during Orientation

For those staying in Orientation Housing, the Groome Shuttle stop 'Holiday In Express is located directly at orientation housing. Transportation during orientation week is included in the orientation housing fee.

For those not staying in Orientation Housing, ISL offers a pick-up service from various off-campus locations in Athens for new international students. This service is offered by ISL at a cost of \$25 for the week (Monday- Friday), including a pickup from your residence in the morning and a ride home at the conclusion of all orientation activities (2 rides per day).

Pick-up service for fall 2023 will be available beginning Tuesday, August 8. The registration form for pick-up service will be sent out to those who have registered for orientation in early July. If you are unable to access this form once it becomes available, please email isl@uga.edu.

Orientation check-in will be located on campus, and you will receive an email with instructions for how to find check-in closer to the date. On Monday, August 7, World Leaders will be available to help you find orientation check-in following your arrival to campus.

All pick-up arrangements must be made at least TWO WEEKS in advance of the pick-up date. ISL cannot guarantee pick-up service for individuals who request a reservation with less than two weeks' notice. Students will be sent an email confirmation for their Athens pick-up. Students who register for the pick-up service and who do not notify ISL staff of changes to their arrival schedules or cancellations in a timely fashion may be assessed a service fee for failure to cancel or inform ISL staff of your changes in travel plans.

AlcoholEDU, Sexual Assault Prevention, & Mental Well-Being

As part of our comprehensive health and safety program, UGA REQUIRES each member of the first year undergraduate class AND incoming transfer students to complete *AlcoholEdu*, *Sexual Assault Prevention*, and *Mental Well-Being*. Whether you drink or not, *AlcoholEdu* will empower you to make well-informed decisions about alcohol and help you better cope with the drinking behavior of your peers. The *Sexual Assault Prevention for Undergraduates* program will address the critical issues of sexual assault, relationship violence and stalking, which impact as many as 1 in 4 college women during their time in higher education. Mental Well-Being equips undergraduates with essential skills and information to navigate the stressors and emotional challenges

You MUST complete these three trainings by the following deadlines. More information can be found here: healthpromotion.uga.edu/alcholedu/.

Semester Starting At UGA	Dates Available	Required Completion Date
Fall 2023	TBD	TBD

Immunizations

In order to be a UGA student and register for classes, there are certain immunizations that all students on campus must have. If you are able to obtain these in your home country prior to arriving at UGA, please bring a copy of your medical records, in English, to confirm your immunization. You can also obtain these immunizations once you arrive to Athens at the University Health Center. *The required vaccines are listed online with the University Health Center here:* uhs.uga.edu/info/immunizations. Additionally, you can view the required forms for incoming students related to the Health Center at uhs.uga.edu/info/forms.

Cell Phones & Bank Accounts

We know that one of the biggest concerns when you arrive to the USA is how to set up a mobile phone/SIM Card and a bank account. ISL is happy to provide the opportunity to obtain a SIM card on Sunday, August 7 as a part of the orientation check-in process. Additionally, you will be able to receive further information about bank accounts and schedule appointments with a local bank to complete your bank account application once orientation ends.

International Student Life Student Organizations

International Student Life advises a collection of student organizations on campus, many of which are culturally- based. All student organizations are open to any UGA student regardless of cultural background or affiliation. For more information about ISL student organizations, please visit isl.uga.edu/international-student-organizations/.
